

## DUFFERIN-CALEDON COVID-19 REMOTE MONITORING PROGRAM

Leveraging the existing successful Remote Patient Monitoring Program operated by the Dufferin County Paramedic Service, the Hills of Headwaters Collaborative will endeavor to provide virtual care for patients with probable or confirmed COVID-19.

A referral to the program can be made from a healthcare provider in a community or hospital-based setting. Once the referral has been made patients will be assessed and a care plan will be developed which will provide patients with safe, quality care at home instead of in a hospital.

### SCOPE

- Patients over the age of 18
- Resident of Dufferin-Caledon
- COVID-19 positive with mild to moderate symptoms
- Patients with Chronic Obstructive Pulmonary Disease, congestive heart failure, Diabetes and who are vulnerable
- Patients must have a Most Responsible Physician and be willing to delegate care to a care team

### EXCLUSION CRITERIA

- Unreliable cell network
- Lives alone and is unable to perform self monitoring
- Pregnant
- Immunocompromised or medically complex
- Home oxygen greater than 4 liters per minute

### WHAT'S INCLUDED

- Interdisciplinary care team including; Home and Community Care, Community Paramedic and Respiratory Therapist to meet all the medical, psychological and social needs of patients
- Referrals are submitted to Dufferin Community Paramedic Service

### REQUIREMENTS

- Patients are provided a blood pressure machine, SPO2 and cell pod probe for daily vitals monitoring
- Alternatively, patients may use their own devices and phone in results
